Projects

Facial Verification System (Internship Project) June 2025 – July 2025

Python, PyTorch, OpenCV | **June 2025 – July 2025**

- Built a lightweight facial verification system using Siamese Networks.
- Trained on custom dataset using contrastive loss and ResNet18.
- Optimized for low latency and minimal memory for deployment.
- Handed over production-ready module to backend team.
- Applied ML/DL concepts in preprocessing, training, evaluation.

Work Experience

• **AI/ML Intern** June 2025 – July 2025

Optimal Virtual Employee Pvt. Ltd.

- Learned Python, NumPy, Pandas, Matplotlib, Seaborn.
- Explored classical ML algorithms, ANN and CNN.
- Led end-to-end facial similarity verification system.
- Delivered lightweight production-ready local deployment module.

• **Training and Placement Cell Coordinator** GTB4CEC, Delhi 2024 – Present

• **Event Management Volunteer** GTB4CEC, Delhi 2024

• **Dance Community Head & Event Organizer** GTB4CEC, Delhi 2024
